

WELLNESS EARACHE™

Homeopathic Children's Formula

Frequent childhood earaches are not an inevitable part of growing up. Wellness EarAche uses homeopathic ingredients to address the body system imbalances involved in children's earaches. These include the auditory system, and the nervous and immune systems, as well as constitutional predisposition to earaches.

ACTION	Eustachian tube congestion, swelling and inflammation are primary causes of ear pain. Wellness EarAche contains remedies that address Eustachian tube dysfunction.	Wellness EarAche includes remedies that address inflammation of the eardrum and middle ear.	These remedies help relieve the pain and irritability that often accompanies earaches.	Fever is an important sign of immune response. However, it is important to keep fever at a moderate level.	Certain individuals have a tendency to develop ear problems. These remedies may assist in restoring balance in these constitutional types.
