**FOR IMMEDIATE RELEASE**

**SOURCE NATURALS INTRODUCES REJUVENZYME™**

**WHOLE BODY ENZYMES FOR HEART, JOINT, CELLULAR HEALTH**

Scotts Valley, California— RejuvenZyme™ is a Bio-Aligned™ formula that contains a comprehensive blend of effective proteolytic enzymes including: Pancreatin, Trypsin, Chymotrypsin, Bromelain, Papain, and Serrapeptase.

Source Naturals spokesperson Tony Lucchesi says, “RejuvenZyme™ provides a balanced approach to cardiovascular and joint health and reduces minor, occasional pain associated with everyday activities.”

Practically all the major metabolic mechanisms in the body are regulated by enzymes, specifically proteases; enzymes which catalyze the breakdown of proteins that provide support for a great many biochemical reactions within the body.

Tony Lucchesi continues, “The proteolytic enzymes in RejuvenZyme™ provide support for 5 of the 12 SystemiCare™ deep metabolic systems identified by Source Naturals: Structure Mobility, Circulation, Inflammation, Immune, and Antioxidant Systems.”

RejuvenZyme™ is just one example of a Bio-Alignment™ system which is formulated to go deep to address the root cause of system imbalances. Source Naturals is committed to enhancing individual potential to enjoy optimal health and well-being by providing superior quality dietary supplements and nutritional education.
