SOURCE NATURALS INTRODUCES VEGETARIAN REJUVENZYME™

Whole Body™ Systemic Enzymes – not just for digestion anymore!

SCOTTS VALLEY, Calif. – June 22, 2009 – Source Naturals is pleased to introduce Vegetarian RejuvenZyme, a Bio-Aligned Formula™ that contains a comprehensive blend of proteolytic vegetarian enzymes delivered in a convenient vegetarian capsule. This is a companion product to the highly successful Source Naturals RejuvenZyme™, which *Vitamin Retailer Magazine* honored among the top ten new products of 2008.

Source Naturals National Science Educator Guy Devin, Ph.D. says, “Vegetarians can now receive all the health benefits systemic enzymes provide. The ingredients in Vegetarian RejuvenZyme breakdown easily in the digestive system, work in a wide pH range, and are suitable for vegetarians and those individuals who refrain from animal food sources.”

Systemic enzymes provide support for 5 of the 12 SystemiCare™ deep metabolic systems identified by Source Naturals. These are: Structure/Mobility, Circulation, Inflammation, Immune Support and Antioxidant Defense.

According to Devin, “When systemic enzymes are absorbed into the bloodstream, they provide a healthy balance for the heart, brain, joints, muscles and immune system. Proteases and systemic enzymes lower metabolic inflammation, prevent oxidative stress, and improve the clear flow of blood and nutrients by establishing a healthy equilibrium between clot formation and the breakdown of the blood-clotting protein, fibrin.”

Enzymes are not just for digestion anymore! Systemic enzymes perform a great many metabolic functions and catalyze a variety of biochemical reactions for health, vitality and comprehensive bio-aligned support.

Suggested retail price for Vegetarian RejuvenZyme is \$22.98 for 60 vegetarian caps, \$42.98 for 120 vegetarian caps, \$63.50 for 180 vegetarian caps, and \$164.98 for 500 vegetarian caps.
