### **SOURCE NATURALS INTRODUCES GASTRICSOOTHE™**

*Zinc L-Carnosine for Stomach Lining Protection*

**SCOTTS VALLEY, Calif. – January 14, 2010** – In today's world, it is common to experience stress-related discomforts, especially occasional stomach discomfort. Source Naturals is pleased to introduce GastricSoothe. GastricSoothe was formulated to soothe irritated stomachs and support gastric integrity. Along with stress, eating fast foods and making other unhealthy lifestyle choices can trigger occasional stomach discomfort. These can impact the stomach's mucosal lining and create an imbalance in the gastric system, which can lead to health challenges.

Source Naturals National Science Educator Guy Devin, Ph.D. states, "A compromised stomach lining could impact other body systems and cause health challenges. The stomach works hard to maintain a balance between the secretion of digestive substances and maintenance of the mucosal wall. When an imbalance between digestion and the maintenance of stomach wall integrity develops, the stomach wall is left highly vulnerable to discomfort and health challenges. Zinc l-carnosine soothes and restores the mucosal lining of the stomach and supports epithelial cell regeneration." Source Naturals GastricSoothe with zinc l-carnosine was developed to help maintain a healthy balance between the production of gastric juices and maintenance of the stomach lining.

GastricSoothe comes in vegetarian capsule form and is suitable for vegetarians. The capsules can easily be taken with meals and at bedtime for maintaining a healthy stomach wall. GastricSoothe is just one of many Source Naturals products formulated to support digestion.

Suggested retail for GastricSoothe is \$10.98 for 30 capsules, \$19.50 for 60 capsules and \$35.98 for 120 capsules. To learn more about Source Naturals and GastricSoothe, as well as to find purchase locations, visit [www.SourceNaturals.com](http://www.SourceNaturals.com).
