

# MenoPositive™

## Non-Soy Hot Flash Relief

- An excellent alternative to the soy phytoestrogens commonly used for hot flash relief
- Delivers an impressive phytoestrogen, 8-prenylnaringenin (8-PN), via a hops extract that was shown in well-designed clinical studies to significantly relieve hot flashes
- Does not contain soy
- Suitable for vegetarians

Source Naturals® MenoPositive™ provides women concerned about soy with an excellent alternative for the relief of hot flashes, one of the most common symptoms associated with menopause. Its ingredient, a hops extract, was clinically shown to reduce the severity and frequency of hot flashes. MenoPositive comes in a small pill taken once a day.\*

### One serving (1 tablet) contains:

Hops Flower Extract.....100 mg  
 Yielding 150 mcg 8-prenylnaringenin

**Suggested Use:** 1 tablet daily.
